FOR IMMEDIATE RELEASE

**GEOTECHNOLOGY ANNOUNCES PROFESSIONAL MILESTONES FOR
LAURA WAGNER AND TIM WILSON**

ST. LOUIS (March 12, 2007) -- **Geotechnology, Inc.** -- a leading provider of geotechnical and environmental engineering, materials testing and drilling -- announced that Laura Wagner earned her Professional Engineer license. Ms. Wagner joined the company in 2006, and is a staff engineer in Geotechnology's Overland Park, Kansas office. She holds a B.S. in Geological Engineering from University of Missouri-Rolla and is currently working on her Masters in Civil Engineering from University of Kansas.

The company also announced that Tim Wilson, a staff geologist in the St. Louis office, passed the exam to be a Registered Geologist in the state of Missouri. Mr. Wilson, who has been with Geotechnology since 2001, holds a B.S. in Geology from Arkansas Technical University, and is assigned to the company's Geotechnical Group.

Geotechnology, Inc., is an employee-owned, professional corporation offering a comprehensive range of consulting services in applied earth and environmental sciences, including geotechnical and environmental engineering, materials testing, geophysics and drilling. Geotechnology has provided expertise on nearly every major construction project in the region, including the new Busch Stadium, Lambert Airport expansion and Ameristar Casino St. Charles. Geotechnology, Inc. is based in St. Louis, Missouri and has offices in Collinsville, Illinois and Overland Park, Kansas. Geotechnology has 120 employees and recorded \$13.4 million in sales in 2006.
